On behalf of the WFMT Council, I would like to invite you to the XIII World Congress of Music Therapy in Seoul, Korea. Experience the welcoming and Asian culture in a modern and vibrant city. Seoul offers a high-tech environment, ancient sights, metropolitan shopping, markets, teahouses, and an incredible local and international cuisine.

Plan to be part of the first World Congress of Music Therapy held in Asia. This congress will offer innovative sessions, roundtables, workshops and poster sessions. Learn about cutting edge research, teaching strategies, and the latest clinical practices in music therapy from colleagues around the world. Share, reflect, and contribute to the global vision of improving the health and well-being of individuals and populations through evidence-based music therapy interventions worldwide.

We are pleased to collaborate with our World Congress Chair Dr. Byungchuel Choi and the local planning committee in making this event a remarkable experience for everyone. Join us in Seoul, Korea in July 2011 as we explore Music Therapy in Eastern and Western Philosophy.

Dr. Petra Kern, MT-DMtG, MT-BC, MTA, NICU-MT

All of the conference attendants will be assured a comfortable stay in Seoul. Also, while you are here, I promise to offer plenty of cultural engagements for your enjoyment.

Let us all learn from one another and look forward to a stronger future in music therapy. I hope to see you in Seoul, Korea in 2011.
